

# *Jishukan High School's "SS English Assembly"*

Jishukan High School is going to hold its "SS English Assembly" project. The aim of this project is to enhance our students' English ability, to give them a unique international experience and to cultivate their English presentation skills. We would like to hold the event during our regular class hours on two days so that all our 11<sup>th</sup> graders in science course can join it.

We are looking for English speakers who would be interested in helping our students use English as an effective tool for communication. Additionally, we hope this will be a good chance for all involved to have a fruitful cross-cultural experience.

## ■ Eligibility:

- You must be from another country and must speak English.  
(You don't have to be a native speaker of English.)

## ■ Activities:

- You will have short 15-minute conversations in a small group with our students (3-4 students in each group). In each conversation, a topic is given and you will talk about it with the students. You have 10-minute break after two sessions, and the second and the fourth session (group talk with different students) start. After that, our students will give a brief presentation about what they talked in the group conversations. We would like you to give advices to them so that they will be able to improve their presentation skills for their future.
- We predict these sessions will be a bit of a struggle for our students, but we believe this kind of activity will be an effective and enjoyable way to get them excited about learning English and more motivated. In group talks, you can share your country, culture, language, history, personal belongings, hobbies, family, etc. We want to encourage all participants involved to make this as fun and exciting as possible!
